- I. Board of Visitors Policy
 - A. Nature of Appointment
 1. Unless tenure has been awarded by the university, all appointments of full-time faculty are on an annual, temporary, or probationary basis, renewable one year at a time at the discretion of the university.
 2. In some cases, appointments for a period of less than one academic year may be made, for example initial appointments at mid-year or emergency one-semester appointments.
- II. Guidelines
 - A. Consideration of reappointment or non-reappointment will be according to a timetable distributed by the Office of the Provost and Vice President for Academic Affairs.^[1] Consideration takes place early in the second semester for faculty members in their first year of service and early in the first semester for faculty members in the second or subsequent year of service.
 - B. For instructors, assistant professors, lecturers, clinical assistant professors, research assistant professors, and untenured associate professors and professors, the initial consideration will be by the departmental tenure and promotion committee unless they are in their first year and have been appointed mid-year. For senior lecturers, master lecturers, research associate professors, research professors, clinical associate professors, and clinical professors, initial consideration will be by the department chair, except for those years when the faculty member is undergoing their sixth year review (see III.B. below).
 - C. In the case of financial constraints or demonstrable overstaffing of departments, the dean or the provost and vice president for academic affairs may require that the number of probationary tenurable and non-tenurable faculty members in the department be reduced.
 - D. Faculty members who were appointed as instructors with the expectation that the terminal degrees would be completed may not be reappointed before the award of the degree unless prior approval has been obtained from the provost and vice president for academic affairs. (See the Board of Visitors Policy on Academic Rank and Criteria for Ranks.)
 - E. If the critical requirements of the position of a probationary tenurable faculty member are changed so as to affect the primary duties expected of the faculty member, and hence his or her consideration for tenure, the faculty member shall be fully and promptly informed of the changes in writing at least one semester before the changes are implemented.
- III. Procedures
 - A. Reappointment or Non-reappointment of Probationary Tenure-Track Faculty^[1]
 1. The departmental promotion and tenure committee and all subsequent persons considering the case will take into consideration the formal evaluations of the faculty member's performance by the chair (unless the faculty member evaluated is the chair) and the dean, faculty information sheets, and any other relevant data, as well as the needs of the department.
 2. These procedures will be suitably adapted for faculty members who hold interdisciplinary, interdepartmental or joint appointments or who hold appointments in a department with two or fewer tenured faculty members. The adapted procedures should be recommended by the promotion and tenure committee of the college or colleges involved and approved by the dean or deans concerned and the provost and vice president for academic affairs.
 3. Each department conducts an annual review of the probationary tenure-track faculty in that department (including the chair if untenured). This review is based on the performance of the individual faculty member and the needs of the department and is initially conducted by a committee consisting of tenured members of the department.
 4. The departmental promotion and tenure committee recommends to the chair (or the dean

 - 6. Considering the recommendation of the departmental promotion and tenure committee and of the chair (unless she or he is the faculty member being evaluated) as well as the needs of the college, the dean makes a decision concerning reappointment or non-reappointment of each individual probationary tenure-track faculty member, notifies that faculty member in writing of this decision, and provides the faculty member and the provost and vice president for academic affairs with a copy of the decision letter.

 - a. For lecturers and clinical assistant professors, this review is conducted by a committee consisting of tenured members of the department and master lecturers and clinical professors followed by the department chair and dean.
 - b. For senior lecturers and master lecturers, the annual review is conducted by the chair followed by the dean. In lieu of this annual review, and if not applying for promotion, every six years senior lecturers and master lecturers will instead undergo an in-depth evaluation that is initially conducted by a committee consisting of tenured members of the department followed by the chair and dean.
